## Elementary Program

Science, art, crafts, history, other cultures, languages, and math activities – the summer program at MCH of Springfield has it all! Elementary students will be guided through many hands-on projects week by week.

### Week 1: Doodle Bugs . . . and Rock, Paper, Scissors!

We combine a lot of fun with instruction on different mediums and techniques.

You might say our camp is for the birds, the fish and the prints. All skill levels will turn junk into Art!

### Week 2: Astronomy

Starlab astronomy dome will be used along with other activities to explore stars, planets and beyond.

### Week 3: How the Earth Works

Explore planet Earth from its red-hot center to the top of the tallest volcano

### Week 4: Wild Mammals

What makes a mammal a mammal? Hands-on experience with pelts, skulls, tracking, and animal games.

### Week 5: Birds

Discover the variety of bird beaks, feet, calls, and songs through projects, crafts, and backyard birding

### Week 6: Geometric Challenges

A wide assortment of activities will be presented that emphasize construction, geometric challenges and spatial visualization. Activities will include origami.

### Week 7: Art Exploration!

Various art media projects: painting, sculpture and the art of service: art projects for the community.

**Weekly Bowling!**
