
Elementary Program

Week 1- NATURE & ART EXPLORATION

Explore nature through the arts. The study of nature has inspired artists throughout history. Hikes in the morning will focus on nature study and identification of Illinois' native plants and animals. The afternoons will integrate nature and the arts with music, visual art, poetry and creative drama and dance.

Week 2- TIMELINE OF THE EARTH & ILLINOIS' PAST

Learn about the geology, ecology and the people of Illinois' past. Establish a sense of place through learning about Illinois history. Explore the timeline of the earth through exploration of physical science and archaeological themed activities.

Week 3- ILLINOIS ECOSYSTEMS- FLORA AND FAUNA

Explore the native habitats of Illinois through activities focused on native plants and animals. Learn about plants, birds, mammals and ecosystems through nature exploration and hands-on activities.

Week 4- FARM TO TABLE AND GARDENING

Learn about where food comes from by exploring the concepts of farm-to-table, Illinois agriculture and local food systems. Work in the garden and learn about botany to gain a greater understanding of plants and food.

Week 5- NATURAL DESIGN AND BUILDING

Observe natural design, architecture and building. Look to nature as inspiration for design. Learn how to design and build structures after studying animals' engineering. Find math and geometry examples in nature.

Week 6- THE "NATURE" OF ENTERTAINMENT

Native people's stories tell the history of ancient cultures and the land. Experience these stories by creating props and acting out characters based on improvisational theatre and playwriting.

Week 7- NATURE ART EXPLORATION 2

Further nature exploration will deepen identification of our native ecosystems' plants and animals, as well as, nature awareness and appreciation. The art emphasis will be group projects creating installations and sculptures for the school gardens.
